

A Nationwide Network of Doctors  
Advocating for Young Children

Docs For Tots New York

## PRESCRIPTION FOR HIGH QUALITY PRE-K FOR NEW YORK'S CHILDREN:

*Increase access to Pre-K by providing districts with the necessary supports to create and continue high-quality programs:*

- Paying for full-day Pre-K programs, which are more beneficial than part-day programs
- Supporting collaborations with community-based organizations whose extended hours better meet the needs of working parents
- Paying for transportation to and from school- and community-based Pre-K programs, providing better access for working parents

## EXPECTED RESULT IF TAKEN AS DIRECTED:

New York's children are healthy and ready for success in school and life!

**FILL IMMEDIATELY**
