

## Quality Pre-K for New York's 3 and 4-year olds

### Quality Pre-K Must Include:

- universal Access for all children
- Low staff to children ratio
- Qualified, highly skilled teachers
- Early learning curriculum
- Referral and Support Services
- Quality monitoring system
- Adequate funding
- Full Day Pre-K

### Side Effects:

- Will improve physical and emotional health
- Will reduce tobacco, alcohol and other drug use
- Will result in decreased public assistance and social services use in future
- Will lessen crime and related costs
- Will give each child a Winning Beginning
